WHEN IT COMES TO DEFENCE, THE SKY'S NO LONGER THE LIMIT.

FLY
WE MAKE IT

Airbus is the world's leading independent supplier of cutting edge defence and space technologies. We deliver strategic advantages in a rapidly changing environment – thanks to a network of connected smart assets. From military aircraft, satellites and unmanned systems to services such as cybersecurity, geointelligence and secure communications we've been serving governments across the globe for over fifty years.

Security. We make it fly.
